Prescription Rings

- u Wide spread throughout SC
- u Tamper proof paper ordered by groups to make Rx appear legit.
- u Printer
- u DEA number/name
- u Sometimes "Doctor's office" phone
- u Have seen groups filling as many as eight CII prescriptions per day

Pay attention to the clues

- ↳ After hours so you can't verify
- ↳ Cash
- ↳ PMP may show NO previous Rx – if that is the case, why 30mg with no previous Rx?
- ↳ Person on Rx not the person picking it up.
