Telemedicine and the Controlled Substances Act

Practitioner Diversion Awareness Conference
Nashville, Tennessee
November 18-19, 2018

James “Jim” Arnold
Chief, Liaison and Policy
Drug Enforcement Administration
LEGAL DISCLAIMER

The following presentation was accompanied by an oral presentation on November 18-19, 2018, and does not purport to establish legal standards that are not contained in statutes, regulations, or other competent law. Statements contained in this presentation that are not embodied in the law are not binding on DEA. Summaries of statutory and regulatory provisions that are summarized in this presentation do not purport to state the full extent of the statutory and regulatory requirements of the cited statutes and regulations. I have no financial relationships to disclose.
This presentation is for educational purposes only. This presentation may not be further copied or used, with the embedded images and videos, without an independent analysis of the application of the Fair Use doctrine.

Fair Use

Under section 107 of the Copyright Act of 1976, allowance is made for “Fair Use” for purposes such as criticism, comment, news reporting, teaching, scholarship, education and research.

Fair Use is a use permitted by the copyright statute that might otherwise be infringing. Any potentially copyrighted material used in this presentation has been reviewed and found to be used in a manner consistent with Fair Use. A completed Fair Use checklist is attached.
Course Objectives

Discuss the Ryan Haight Online Pharmacy Consumer Protections Act.

Discuss the requirements of prescribing controlled substances using telemedicine under Federal law.
Course Objectives

Discuss the requirements of a telecommunications system when using telemedicine.

Discuss practitioners who are exempt from the Ryan Haight Act in-person medical evaluation requirement.

Course Objectives

Discuss the telemedicine requirements to abide by both state and federal laws.
Questions To Discuss

At the completion of this block of instruction you will be able to answer the following questions:

1. Does the Ryan Haight Act only apply to on-line pharmacies?
Questions To Discuss

2. For a prescription to be valid it must be issued for a legitimate medical purpose in the usual course of professional practice?

3. Are you required to have one in-person visit with your patient in order to conduct telemedicine?
Questions To Discuss

4. Does e-mail or fax meet the communication requirements for telemedicine?

5. For most practitioners conducting telemedicine the patient must be in: (a) DEA registered hospital/clinic or (b) in the physical presence of a DEA registered practitioner?
Questions To Discuss

6. When conducting telemedicine does the remote practitioner need to have a DEA registration in the state where the patient is located?
Ryan Haight Online Pharmacy Consumer Protection Act of 2008

PL-110-425
110th Congress

October 15, 2008

U.S. Drug Enforcement Administration
Diversion Control Division
